Forest Service Reauthorization
of Western's Transmission Lines
in Colorado, Nebraska, & Utah

PROPOSED ACTION
*Grand Mesa, Uncompahgre & Gunnison
National Forests*

MAPG GMUG-44

Ouray Ranger District

San Miguel County

Paradox 15 Project Area

**Hesperus-Montrose & Curecanti-Lost Canyon
Transmission Lines**

- Structure
- Transmission Line on USFS Managed Lands
- - - Transmission Line on Non-USFS Managed Lands
- ~ Forest Service Road
- *USFS Administrative Boundary
- ~ Stream

ROW Conditions

- 1 Spurred vegetation & low-growth compatible vegetative communities.
- 2 Currently incompatible / long-term incompatible. Fast-growing mature vegetative community.
- 3 Currently compatible / long-term incompatible. Fast-growing mature vegetative community.
- 4 Currently incompatible / long-term incompatible. Slow-growing mature vegetative community.
- 5 Currently compatible / long-term incompatible. Slow-growing mature vegetative community.
- 6 Low-growth vegetation communities with high fuel loads.

* Non-USFS managed lands within the USFS administrative boundary represent private inholdings and other inholdings owned and managed by other governmental agencies.
